

## ENVIRONMENTAL POLICY

Territory Instruments recognises that protection of the environment is an essential component of the business.

The company will implement and maintain an environmental management system conforming with ISO 14001 requirements.

Territory Instruments is committed to the following actions:

- Provide training for our employees to allow them to carry out their tasks in an environmentally responsible manner,
- To comply with all relevant environmental legislation and regulations,
- The inclusion of environmental aspects of projects when evaluating risk assessments,
- To reduce the negative environmental impacts of the products we supply,
- The use of renewable energy resources wherever possible,
- Be aware that maintaining an environmental system is of prime importance.

All employees, subcontractors and visitors are required to abide by this policy.
